Our Vision
At Holton St Peter, we believe that our children will develop a wide range of life skills which will enable them to choose a path in their lives that matches their capabilities and aspirations. We will ensure that they are able to integrate into society using the necessary skills. At Holton, we expect our school family to be kind and respectful to people and property. We understand that positive behaviour will bring greater rewards and opportunities. Our broad, exciting and creative curriculum is unique for our pupils and tailored to their interests and needs. It incorporates in-house skills with external expertise drawn from the surrounding community. We will broaden skills in order to prepare them for future education and life, and encourage children to be the best they can be. Our outstanding environment provides equal opportunities for the holistic development of each child as a learner, creator, thinker and leader.
