

INFANTS

Tamarind, Sophie and Junior are coming to Hall Road Academy

What happens when I get to school or nursery?

Your grown-ups will bring you into your classroom for the first few weeks of school to help you settle in. After that, you will come into the classroom by yourself.

You will hang your coat and bag in the corridor on your own special coat hook, like Tamarind is doing.

You will put your water bottle in the water bottle tray in the classroom and book bag in the book bag box.

Your teacher will lay out some fun activities, like colouring and reading books, for you to start off your day with.

What happens if I need the toilet?

When you need to go to the toilet, just tell your teacher. You will go to the toilet by yourself but if you need help, just ask your teacher and they will help.

The toilets are at the end of the corridor, so they are close to the classrooms. Your teacher will show you where they are when you come to school.

Sophie has been to the toilet and flushed. Now she is washing her hands. She is going to dry her hands with a paper towel but some of her friends prefer to use the hand drier.

If you have a toilet accident, don't worry. Let your teacher know and it will be OK. Your grown-ups will make sure that there is always a change of clothes in school for you.

What will I do in school?

Indoors

Reading and Writing area

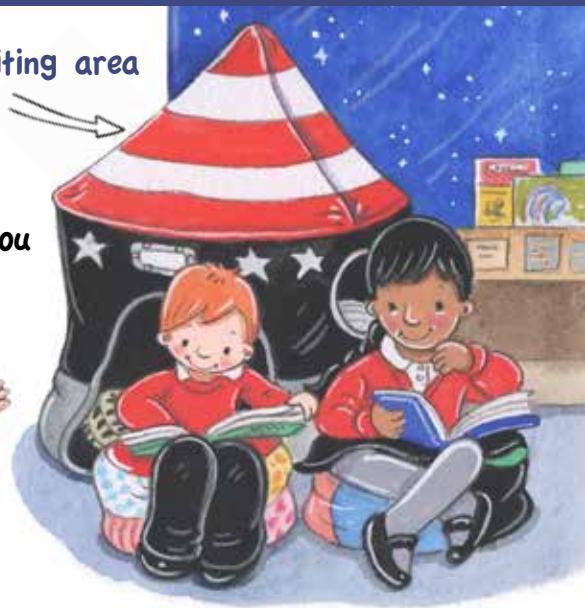

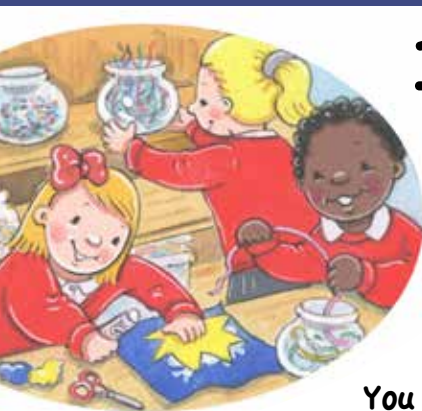

You will be able to play with all the other children in nursery and reception. You can choose what you would like to do every day.

You can choose to do activities indoors and outdoors.

Creative area

Scientific area where you can meet Shelley and Sheldon, the African land snails

Role play area, Malleable area, Musical area and much more

Reading and Writing shed

Garden area

Bikes

Outdoors

Tyres, planks and obstacles

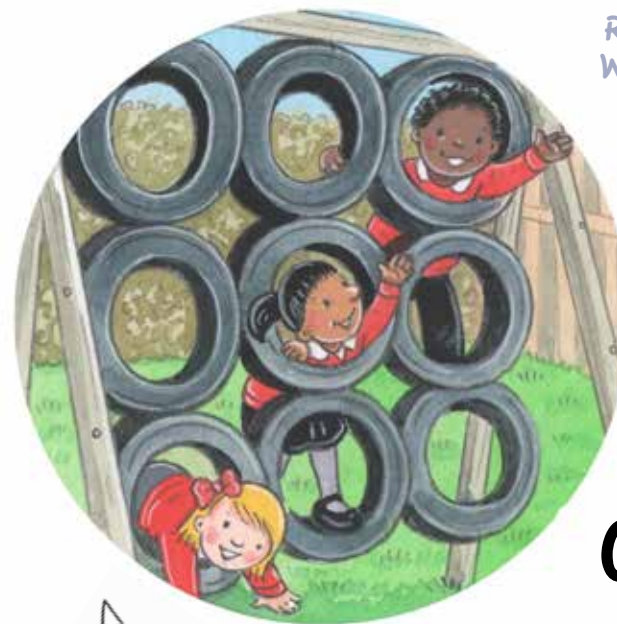

The children are having fun playing on the tyres. "I can reach the ground," says Sophie.

Bug hotel

Mud kitchen

Water and sand area

Junior is playing with James in the water tray. "I wonder if this will float?" says Junior.

What are you looking forward to doing?

What happens if I am hungry or thirsty?

When you are hungry, you can help yourself to a healthy snack in your classroom. You can have fruit or make a sandwich. You can have milk or water from your bottle when you are thirsty.

At lunchtime, you will go to the hall to have your lunch. You can choose your

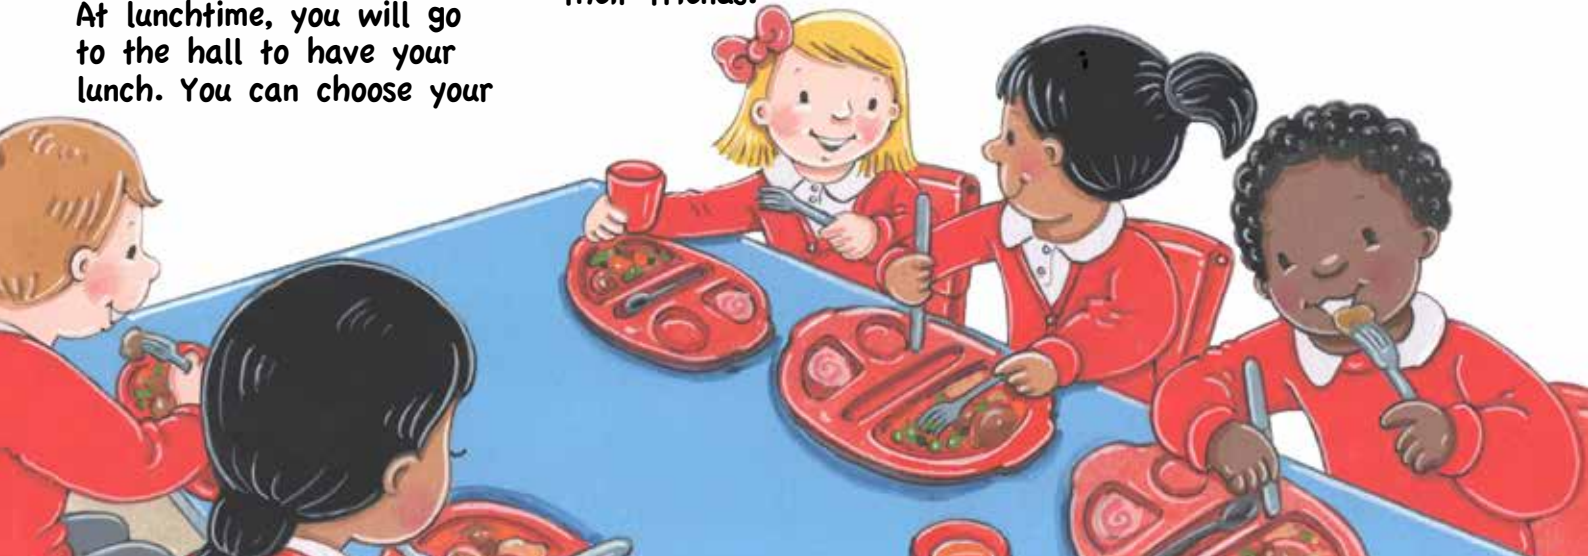

own school meal or bring a packed lunch from home.

The food is delicious and healthy, and there are lots of kind adults there to help you.

The children are sitting with their friends.

"This is my favourite food," says Sophie.

The children are being kind and polite to each other. They are using their cutlery and practising their good table manners.

What happens at the end of the school day?

When school is ending for the day, you will go back to your own class.

Sometimes you will listen to a story. Sometimes you will sit in a 'community circle' with your friends and you can talk about your news, what you have been doing or things that are important to you.

Sometimes you will have theatre time, where you can act out a story you have made up. Your friends can join in too!

Tamarind and Junior are telling a story about being Queen and King for a day.

"Everyone lived happily ever after," says Junior.

When it is time to go home, you will fetch your belongings and book bag and wait for your grown-ups to arrive and take you home.
