

# Isabelle is enjoying the many activities Ledbury Primary School offers

Catherine lives in Ledbury with her daughter, Isabelle, who is nine years old.

## Making friends

Catherine shares how Isabelle transitioned smoothly to Ledbury Primary School: "Our daughter is nine years old and is currently in Year 4 at Ledbury. We feel very lucky that she can attend such a wonderful school in our town. Isabelle moved across to Ledbury at the beginning of Year 3 and has settled into school life exceptionally well. She absolutely adores her current teacher and classroom support staff, who have assisted her emotional, social, and academic development brilliantly. She's made lots of lovely friends and is

delighted to live near to her peers that attend the school."

Catherine adds: "Isabelle looks forward to school every day. It's lovely to see her so excited about attending, knowing she's in a supportive environment with wonderful peers."

## A diverse range of activities

Isabelle benefits greatly from the diverse activities offered at Ledbury. Catherine explains: "Isabelle loves the outside space available at Ledbury and the wide array of wonderful activities that are available to her. She particularly enjoys badminton and Science Club, both of which she

has attended. The teachers are also kind, committed, and well-equipped to manage their caseloads and the individual needs of the children."

Catherine adds: "The variety of extracurricular activities has really enriched Isabelle's school experience. She's developed new interests and skills that she probably wouldn't have discovered otherwise."

**Isabelle says:** "I really like my teacher; he understands me and I enjoy my classes."
