

Zevron chose to move his son Za’ni to St Mary’s to give him a new start and the best chance at achieving his potential

Zevron’s son Za’ni is in Year 5.

Embracing the school routine Za’ni moved from Leicester having had a tough start to school

“I moved Za’ni from his school in Leicester to St Mary’s at the beginning of Year 5. I felt Za’ni wasn’t in a supportive environment and he wasn’t fulfilling his potential, there was a risk he was being let down by his school and I wanted to turn things around for him. He was being portrayed in a way at his old school that felt negative, so I moved him for a fresh start,” said Zevron.

A new start and a new chance to thrive

“When he joined St Mary’s, the teachers and staff worked with us to assess what Za’ni needed and now he is thriving. He’s now in class, every day, sitting with the other students and doing well. It’s a huge credit to the staff at St Mary’s to see the change in Za’ni and to see how well he’s doing, I knew he was highly capable and could do the work, he just needed to be given a chance and get the right support,” said Zevron.

Children say:

Za’ni says: “I like school now and playing basketball with my friends.”
