

# Michael, Mira and Sophie are joining Peregrines Nursery

# Which Nursery class will you join?

There are three classes for different ages at Peregrines Nursery.

Michael is two years old - he is joining Mini Peris.

Sophie is three years old - she is joining Little Peris.

Mira is four years old - she is joining Big Peris.

Peregrines have lots of fun playing together! Big Peris also start to get ready for big school, little by little, along the way!

# Settling into Nursery

Before your first day, you will visit your classroom and have fun meeting your teachers and making new friends.

Your teacher will spend time getting to know all about you and what you like doing.

Michael loves the card game. He is playing with his daddy and his new teacher.

"What do you like doing at home?" his teacher asks.

"I like drawing and looking at books with my Daddy," Michael says.

## What are your favourite activities?

## What happens on your first day?

Some of you may join us early for a yummy breakfast.

When you arrive at Nursery, your teacher will be waiting to say hello and give you a big hug.

"Hello, Mira," says her teacher.  
"I am so pleased to see you.  
We are going to have so much fun today!"

Your grown-ups will say goodbye and you will hang up your coat and bag.

Then be ready to start the day with us!

## What will you do each day at Nursery?

You will make friends and learn lots, while having fun!

There are many activities, games and toys to enjoy.

Michael is looking forward to learning how to climb over the climbing frame.

Sophie is going to practise mark-making.

Mira will be learning how to read, write and count.

Michael is feeding the teddy.

## We play outdoors lots too!

Sophie is playing the parachute game with her friends.

"Let's see if we can just keep the orange balls on the parachute," the teacher says.

Everyone is enjoying working together.

Sophie is playing with the trike in our playground.

## Eating and drinking at Nursery

You will be given a healthy snack and a drink of milk in the morning. When you are thirsty, you can have a drink from your own water bottle.

Mini and Little Peris eat their lunch together in their classroom. Sophie thinks her lunch is delicious.

Big Peris eat together in the Lunch Hall. Teachers will bring a tasty lunch to your table and you can enjoy trying lots of different types of food.

After lunch, everyone will play outside in the playground with all the other children from school. Falcons Girls are all very kind and friendly and they love playing with the younger children!

## What if you need the toilet?

If you wear a nappy or use a potty, your teachers will help you with going to the toilet.

As you get older, you will begin to go to the toilet by yourself, as your grown-ups will make sure you get lots of practice at home.

If you have a little accident, don't worry. Tell your teacher and they will help you, so you can quickly get back to playing and learning with your friends.

Your teachers will remind you about flushing the toilet and washing your hands.

Mira has remembered to flush and now she is washing her hands.

**"Mummy, Daddy and teachers have helped me to practise lots and now I know just what to do!"**  
says Mira.

## What happens at the end of your day?

You will enjoy listening to a story from your teacher or singing some songs with your friends.

Today Mini Peris are choosing a song to sing by picking an object from the Nursery Rhyme box. The children are going to sing a song about the star.

**"I love this song,"**  
says Michael.

Can you guess which song the children are going to sing?

## What is your favourite nursery rhyme?

Michael is napping after a busy morning. He loves cuddling his bunny.

We all go home at different times - some of us may go to a fun after school club, like Street Dance or Drama, while others may stay for a light supper.

## Holiday Club fun!

There's even more fun to be enjoyed at our optional Holiday Clubs throughout the year!

Mira loves Holiday Club. Today she is baking with some older Falcons Girls. She is stirring with a spoon while her friend adds the flour.

"I can't wait to try our cakes later," she says.

Mira loves coming to Peregrines, and she is so excited about becoming a Falcons Girl next year with her friends.

When Michael and other boys in our Nursery are ready for Reception, they can move on to another friendly school.

# We can't wait to welcome you to Peregrines Nursery!
