

Elia, Gracie and Nivan
are starting nursery at
New Invention Infant School

New Invention

We can...we will...together

What happens when I come to nursery?

Your grown-ups will bring you to the school gate and say goodbye.

Gracie and Nivan are waving goodbye. They are very excited about having lots of fun in nursery today.

You will play outside with your teacher until everyone arrives. When it is time to go into nursery, a teacher will put their hands up and blow a whistle.

You will hang up your coat, on a coat peg that has your name above it and then go into your classroom.

Elian feels very grown-up recognising his name and hanging up his coat. To show the teacher you are in, you will find your name card and put it into a box.

You will then sit on a mat for registration. After that, you might sing some songs or do some dancing, to get yourself ready for having lots of fun in nursery.

Our three classes are:

Bumblebees

Caterpillars

Ladybirds

Are you excited to be starting in nursery?

What will I do in nursery?

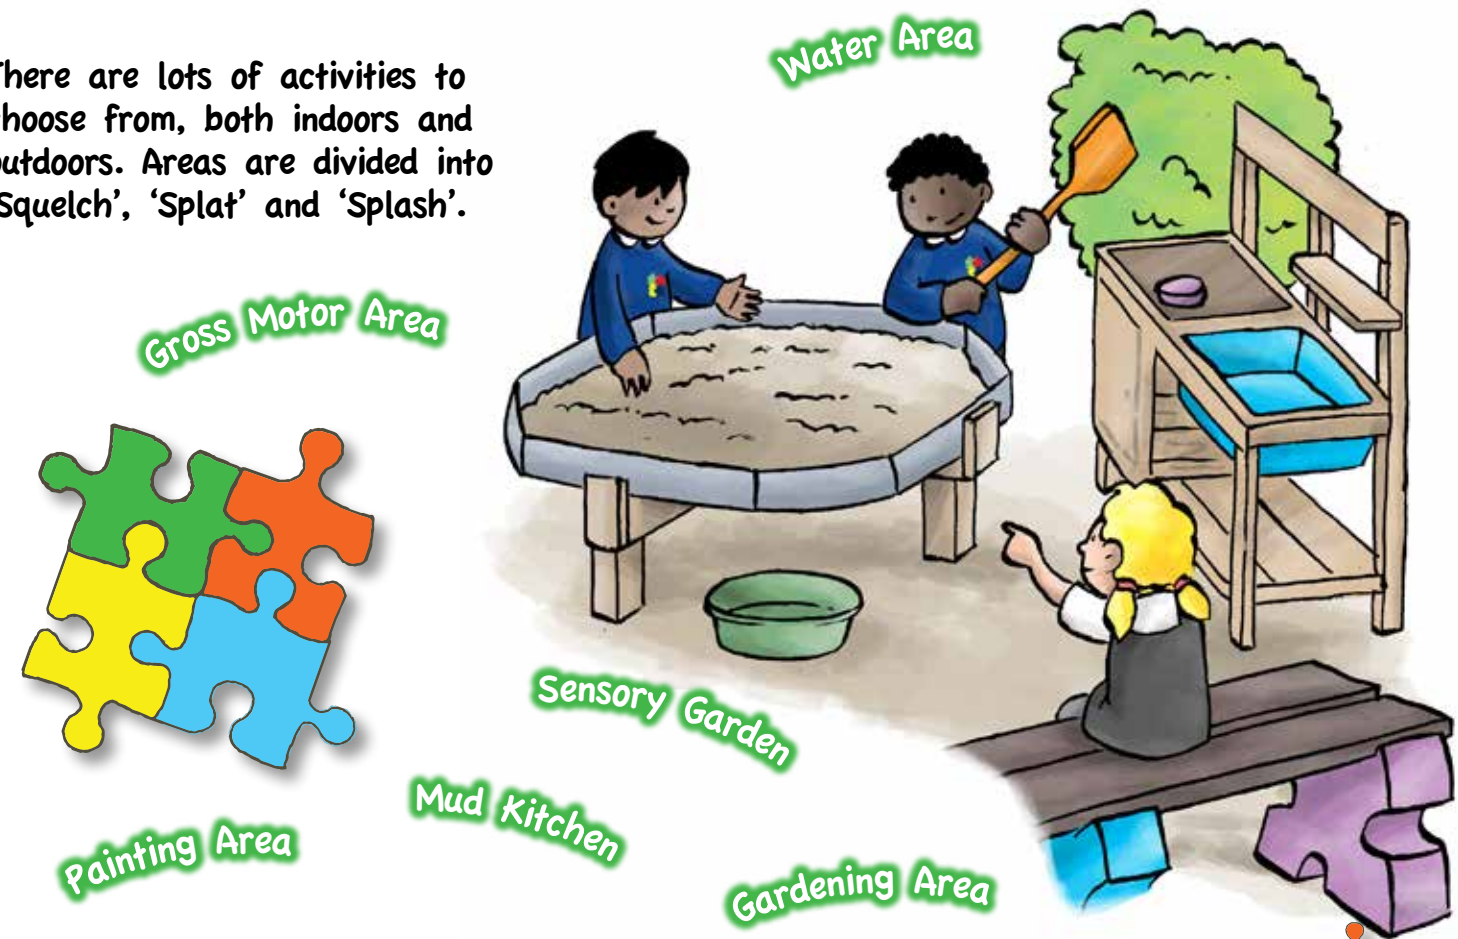

You will learn and make friends while you play.
Sometimes your teacher will lead the activity, and sometimes you will choose.

Elían has made a new friend and is playing in the water area.
"I'm making the water very splashy," he says.

His new friend giggles.

There are lots of activities to choose from, both indoors and outdoors. Areas are divided into 'Squelch', 'Splat' and 'Splash'.

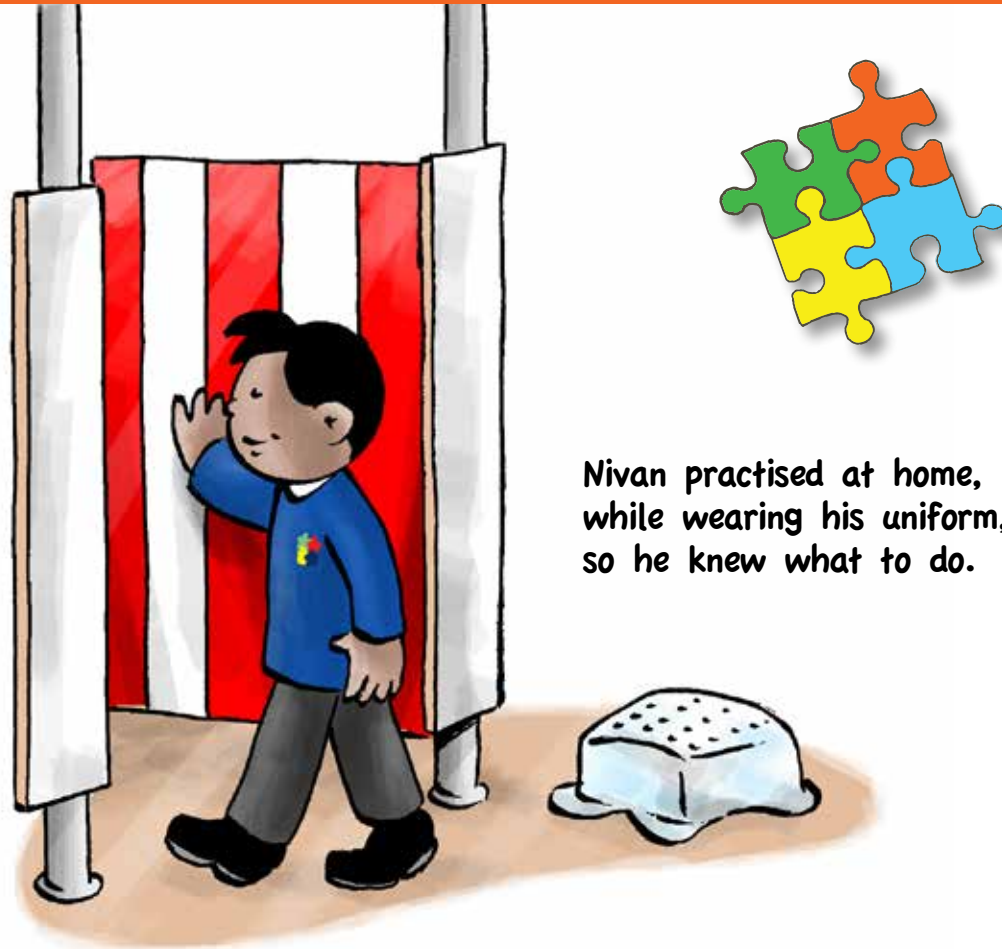

What are your favourite things to play with?

What if I need the toilet?

You can go to the toilet whenever you need to. If you need help, just ask your teacher. They will be happy to take you.

The toilets are just down the corridor, and have booster seats, so they are very easy to use.

Nivan practised at home, while wearing his uniform, so he knew what to do.

"I feel very grown-up going to the toilet on my own," he says to himself.

If you have an accident, don't worry. Just let your teacher know and they will help you.

After flushing, Nivan was very careful to wash his hands and dry them on some paper towels.

"I don't want to spread any germs," says Nivan to himself.

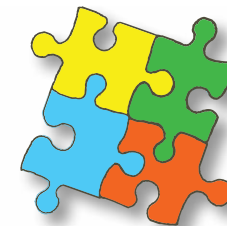

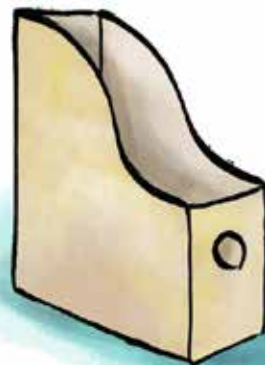

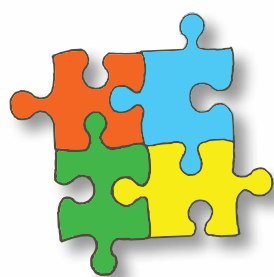

Can you go to the toilet on your own, like Nivan?

What happens if I am thirsty or hungry?

If you are thirsty during the nursery session, you can have a drink from your water bottle.

Gracie is thirsty so is having a cooling drink. "That's better," she says. "Now it's time to go back and play with my friends."

When your nursery session is coming to an end, you will have a snack of fruit and vegetables, sitting at your table or on the carpet.

Gracie is enjoying her snack. "Apples are my favourite fruit," she says.

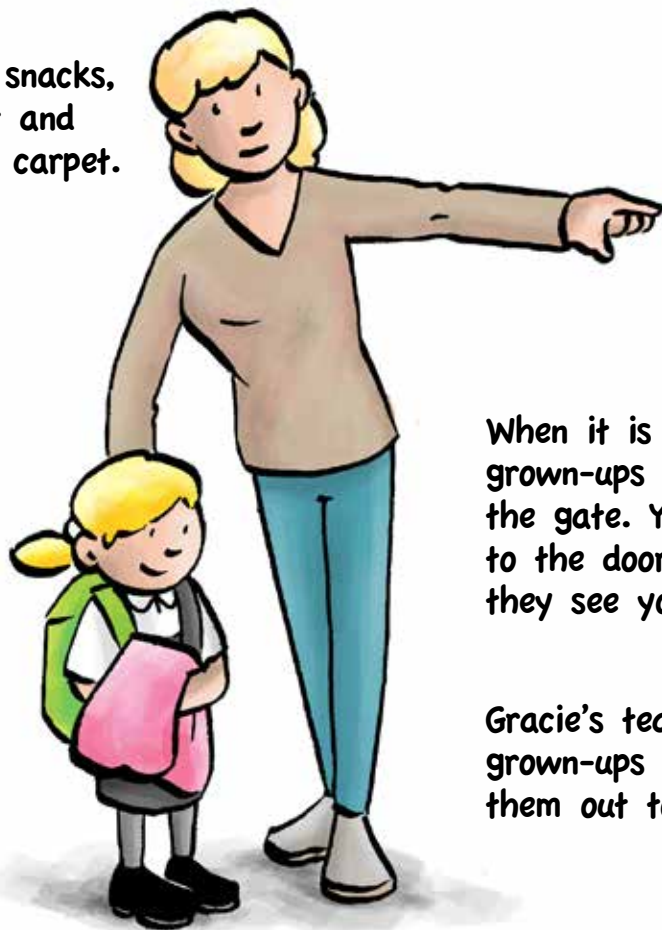

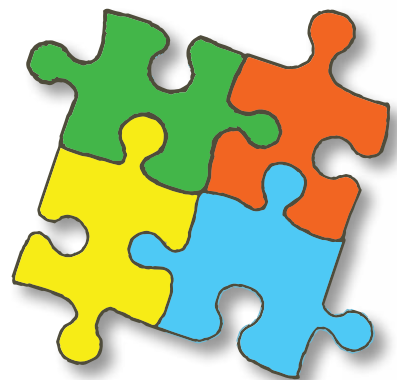

You can relax with your friends while you have your snack. You will also have a choice of water or milk to drink.

What is your favourite food?

What happens at the end of the nursery session?

After you have had your snacks, you will collect your coat and belongings and sit on the carpet.

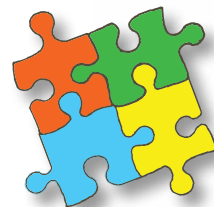

When it is home time, your grown-ups will wait outside at the gate. Your teacher will go to the door and call you when they see your grown-ups.

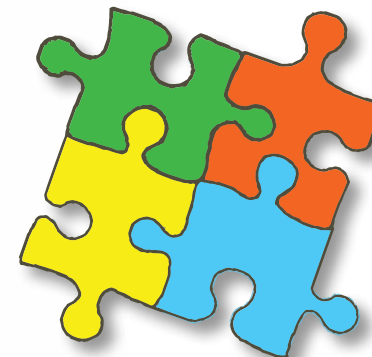

Gracie's teacher sees her grown-ups and is pointing them out to Gracie.

Elian is excited to see his mum collecting him today. "Hello, mum," he says. "I've had a fantastic time in nursery today. I can't wait to tell you about it."

Elian's mum is excited to hear about what he has done today.

Are you looking forward to having fun in our nursery?

Elian, Nivan and Gracie have had a lovely time at nursery... and think you will too!
