Steven Hills is 22 and lives in Park North with his partner and their children, Kaden aged four, and Zac aged two.

SOMETHING DIFFERENT FOR SATURDAYS

Goddard Park Community Primary School, an integrated Children's Centre in Swindon, is where both Steven's sons attend nursery school.

Steven is a very hands-on dad, and when he first heard about the Saturdads Club at the Community School, he felt it was an ideal opportunity for him to make the most of weekends with the boys.

SATURDADS

"I love doing things with them and I'm always looking for new places to go and different things for them to do, so Saturdads seemed like a great idea."

SOMETHING FOR EVERYONE

The Club runs all sorts of activities such as a bouncy castle, sports and crafts, provides toys and games for different ages, barbecues, and days out for walks and picnics in local parks. "There is always something to do whatever the weather is like, and the boys love their Saturdays. The Club provides drinks and a good lunch, and I get to spend time with the boys. Although I'm the youngest dad there, it's nice to get together with other fathers and their kids, and it also gives my partner a bit of a break."
