THRIVING IN THE RIGHT ATMOSPHERE

Sue says: "There is no question but that Luca has thrived since he started at the Community School. The building itself is bright and welcoming, and the staff are wonderful with him."

EATING DIFFICULTIES

One of the difficulties that Sue and Mark had experienced with Luca was his refusal to eat, and this caused a lot of distress. "At his previous nursery, he got into trouble if he wouldn't eat his lunch, but at the Community School they handled him gently, encouraging him but not insisting, and he is getting much better now."

Mark and Sue Busuttil have three children of six, four and two years old. Six year old Stephanie attends Goddard Park Community Primary School, whilst Luca and Gabriella use the nursery and crèche at the integrated Children's Centre.

Eighteen months ago, Mark and Sue moved Luca to the nursery at the Community School...and have found the Community School to much better suit his temperament.

INSPIRED TO TEACH

Sue has been so inspired by the reception she and her family have had at the Community School, that she has decided to train as a teacher herself.
