

Penny believes Ellison Primary School is approachable and encouraging, with a great ability to recognise individual strengths

Penny and Trevor Swancott live in Wolstanton with their children Megan, ten in Year 5 and George, eight in Year 3.

The right feel

"We came away from that first visit knowing we'd made the right choice. It's like finding your new home - you just know when it's right."

Recognising each child's unique strengths

"Megan was keen to try Glee Club, which has helped boost her confidence and self-assurance. We're so happy with what they offer the children. These are things Megan probably wouldn't have experienced otherwise. Because they spend time getting to know each individual child, I feel the school does a great job at tailoring opportunities to their own unique strengths."

"There's not an unhappy child at the school"

"The Headteacher seems to know every child by name... There's not an unhappy child at the school. It has a wonderful, friendly environment."

Children say

Megan says: "My favourite thing about Ellison Primary School is Glee Club. I love it!"

George says: "I really like maths at Ellison Primary School. My teacher always tells me when I've done well!"
