A GOOD INDICATION OF A GOOD SCHOOL

"At the Open Day all the staff were very welcoming and approachable and I noticed that all the students seemed happy, which is obviously a good indication. It also felt more homely in terms of its size - not too overwhelming for two eleven-year-olds!" Jack said. "Worthing High was an easy choice to make and I have never regretted it."

PERSONAL RELATIONSHIP

Claire liked the idea of the Community system and throughout the boy's time at Worthing High has always felt their Pastoral Leaders to be her first point of contact. "The Pastoral Leaders have a good personal relationship with the students. I know they will be able to address any concerns or questions I may have."

BELIEF IN POTENTIAL

Jack said. "When I started my GCSE courses my predicted grades were an average B; now I am looking at A's and A*'s and that has to have a great deal to do with the huge effort put in by my teachers to make sure I am doing as well as they believe I can."
