

“ Tracy says: “As a person, his confidence has grown so much. He participates in school plays now - he never would have done that before, nor been given the opportunity. For us, it's not just about academic progress but about how happy your child is. We know Louie is content at St Luke's School. ...St Luke's School treats every child individually. Teachers meets their needs with enthusiasm, dedication and a real caring approach. It's a fantastic school!”

Louie says: “At my old school they didn't treat me the way St Luke's School does. There are lots more things I can do at St Luke's. It's a fun place to be!” ”

Tracy and Andrew Conlin live in Hemel Hempstead, Hertfordshire, with their children Sam, 20 and Louie, 12 in Year 8. Louie's difficulties include Attention Deficit Hyperactivity Disorder (ADHD), tourettes, dyslexia and moderate learning difficulties.

**St Luke's School caters for pupils aged 9-16 with Learning Difficulties, including pupils with complex Moderate Learning Difficulties, Speech, Language and Communication Needs and Autism Spectrum Conditions.**

**“Everyone is someone in the true sense at St Luke's School.”**

# St Luke's School

“ Jayne says: “St Luke's is a truly wonderful school. It's very visionary, always willing to change what it does for the best interests of the children. That's why it's such a good school.” ”

Jayne and Mick Sheehan live in Borehamwood with their son Michael, 20, who has autism. Michael finished his education at St Luke's School in 2010. Impressed with the school, Jayne became involved with the school and is currently Chair of Governors.

“ Shivani says: “The school had a nice ambience and open feel to it. There were animals and opportunities to get close to nature. And the music department looked very encouraging. Rishi is really into music so this was very appealing.”

“Rishi is part of a family group at St Luke's nSchool. I really feel this has helped him to settle so well. ...Everyone is someone in the true sense at St Luke's School.” ”

Shivani and Vidya Sagar Singh live in Rickmansworth, Hertfordshire, with their children Saumya, 17, Rishi, 15 and Avi, 13. Rishi has autism with moderate learning difficulties and is in Year 10 at St Luke's School.

Learning and growing towards independence

“ Jenny says: “They seem to know how to deal with Jonathan's individual traits. They know his interests - there are always extracurricular groups available to encourage these interests and to engage children in their learning. The radio group, for example, has helped Jonathan's social skills enormously.”

Jonathan says: “My favourite thing about St Luke's is the chance to go out on trips with the radio and tv station club! And being able to play my music!”

Jenny and Steve Watson live near Tring, Hertfordshire with their son Jonathan, fifteen, in Year 10. Jonathan has autism, obsessive compulsive disorder and some mild learning difficulties.

“ Ros says: “St Luke's School offers the children some wonderful opportunities and always has their best interests at heart. It's given Aimee a safe and supportive environment in which to thrive. I have no regrets in having chosen this school for my daughter!”

Aimee says: “I like St Luke's School because of the animals there and the swing outside!”

Ros and Paul Wood live in Northwood, Hillingdon with Aimee who is thirteen and in Year 8. Aimee is on the autistic spectrum, with speech and language issues and complex learning difficulties.

“

Judith says: "Kieron is very happy at school. He wants to go and that is so reassuring as a parent. I have worked at special needs schools and I really feel St Luke's School and the way they structure their teaching and take time to get to know the child is far superior. There should be more schools like St Luke's!"

Judith asked Kieron what he likes about school. She says: "Kieron says he likes school and has fun. He loves chips as part of school dinner on Friday!"

”

Judith and Norman McIntosh live in Luton with their children Nathalie 25, Hayden 21 and Kieron, 14 in Year 9. Kieron has Down's Syndrome with some speech and language difficulties and complex learning needs.
