

Jenna Sonny William and Mala are excited to attend Fountains Primary School

FOUNTAINS
PRIMARY SCHOOL
Always achieving our potential

How do I get to school?

Some of you will be collected at home and driven into school in a minibus or taxi. There will be kind adults on the minibuses who will look after you.

Some of you will be brought into school by your grown-ups.

"Hello Mala" says a teacher. **"What zone are you in this morning?"**.

What my learning will look like in an Engagement Class

Mala is listening and responding to a sensory story using the sound buttons.

Mala also takes part in Attention Autism sessions which helps her develop her focus and engagement during learning activities.

How are you getting to school?

What is your favourite thing to do?

What other opportunities will I have in school?

Jenna is learning how to swim. She loves floating in the hydrotherapy pool listening to the music and looking at the lights.

Children enjoy spending time in the ball pool where they can self-regulate and develop their social interaction skills.

We also have a:

- Library
- Music cabin
- Reading pod
- ICT suite
- Sensory lightroom
- ...and children can go out into the community on the school minibus.

swimming

forest school

Sonny likes playing on the adventure playground and swinging on the tyres.

Mala goes down to Forest School each week to learn new skills in an outdoor learning environment.

What do you like to do outside?

What if I'm hungry or thirsty?

In the morning some children may have a snack or breakfast.

dinner

You can have a drink at any time.

At lunchtime you will eat dinner in the school hall. You can have a school dinner or bring a packed lunch from home.

There will always be lots of grown-ups around to help you.

What if I need the toilet?

There are lots of toilets to use in school and adults to help you if needed.

Jenna has been to the toilet and is going to wash her hands before going back into the classroom.

A teacher is helping Mala with her toileting needs.

What is your favourite food?

Why is it important to wash your hands?

How will I express my feelings?

We use 'Zones of Regulation' to help us express and manage our feelings.

Sonny was in the 'yellow zone' so spent some time in the Rainbow Room with the wellbeing adult.

Sonny took part in Lego therapy and feels much better now.

We have lots of clubs and committees

Mala is practising her computing skills in computer club.

We have lots of clubs and committees including:

- Beauty Club
- Art and Crafts
- Lego Club
- Eco Committee
- Film Club
- School Council
- Online Safety Committee

clubs

Jenna is in the School Council where children talk about Children's Rights and school matters.

What makes you feel better?

What club would you like to join?

Our School Values (PLTS)

The children are working towards these Personal Learning and Thinking Skills.

William received a sticker and certificate for being a Reflective Learner.

How could you be a Creative Thinker or Self Manager?

What happens at the end of the school day?

You will listen to a story and then have assembly.
Minibuses taxis or your grown-ups will collect you.

Parents and carers can view what you have done at school on the school app 'Reach More Parents'.

reach **more** parents
by weduc

The children have had a wonderful day and now look forward to coming back tomorrow.

What are you looking forward to doing at Fountains Primary School?

Sonny Mala William and Jenna enjoy going to Fountains Primary School and think you will too
