& SEMH Provision

The teachers will meet you in the school entrance and take you into Breakfast club.

When you go into your classroom you will sit at your desk. You will have lessons with your teacher and a Learning Support Assistant (LSA), work with your classmates, and sometimes work by yourself.

Rob is very excited. Today his class is learning about 'Space', and this is one of his favourite subjects. He is telling his friends about the planet Mars.

"Well done Rob, really good work!" says his Teacher.

What will I do at Hawkswood Primary?

At Hawkswood you will learn all the same subjects as your other school. We have P.E. every morning to wake up our bodies and brains and daily English and maths lessons help you to catch-up ready to return to mainstream school.

Jaydn is writing a story. He really likes having some quiet time to work.

What do you like doing in school?

How will I make friends?

Many of the children at Hawkswood have struggled to make friends in the past. The staff here help everyone to get along by teaching you how to be a good friend and how to deal better with conflict.

"Wow! You are all jumping like Kangaroos," says Jaydn.

Later on Jaydn tells his friends about a problem he is having with one of his other friends. They all have suggestions about how to help.

"Try not to worry about it too much Jaydn," says Padma. "I am sure if you speak to him it will be OK."

What do you like doing with your friends?

How will Hawkswood help me?

At Hawkswood we treat each other with respect. The teacher and children will talk about any problems with behaviour in their classes to help their friends behave better.

Jaydn has had a few problems in class today and he has agreed with this teacher that he needs some time out.

Jaydn and his teacher go and sit on the blue chairs and they have chat about how Jaydn is feeling. They talk about what has happened and work on some ideas to help Jaydn cope in future.

Rob and Ali have had an argument and their school friends are helping them to talk about it, and make friends again.

"If you both say sorry, that will really help," says Abbie.

Can you think about some difficult things Hawkswood can help you with?

How do we reward good behaviour at Hawkswood?

If you have chosen to behave well and work hard in class you can choose from two after-school clubs to join in at the end of each day.

We have dance classes, a creative club, and sports clubs so there is something for everyone.

Jaydn has worked really hard today with his teacher to stay calm in class. He is so excited about going to the street dance class.

"This is my favourite song," says Jaydn. "I can't wait to show my brother this dance when I get home."

"You are really good at this Jaydn," says the teacher.

What type of activity would you like to take part in?

Rob is having fun trying hockey today. His teacher helps him.

When will I leave Hawkswood?

At Hawkswood we will help you to cope at school and manage your behaviour. When we are happy that you are managing better, you will leave us and go back to your old school or to a new one.

Rob has worked really hard and is ready to move on.

His friends and teachers are very proud of how well he has done.

Rob waves goodbye to everyone.

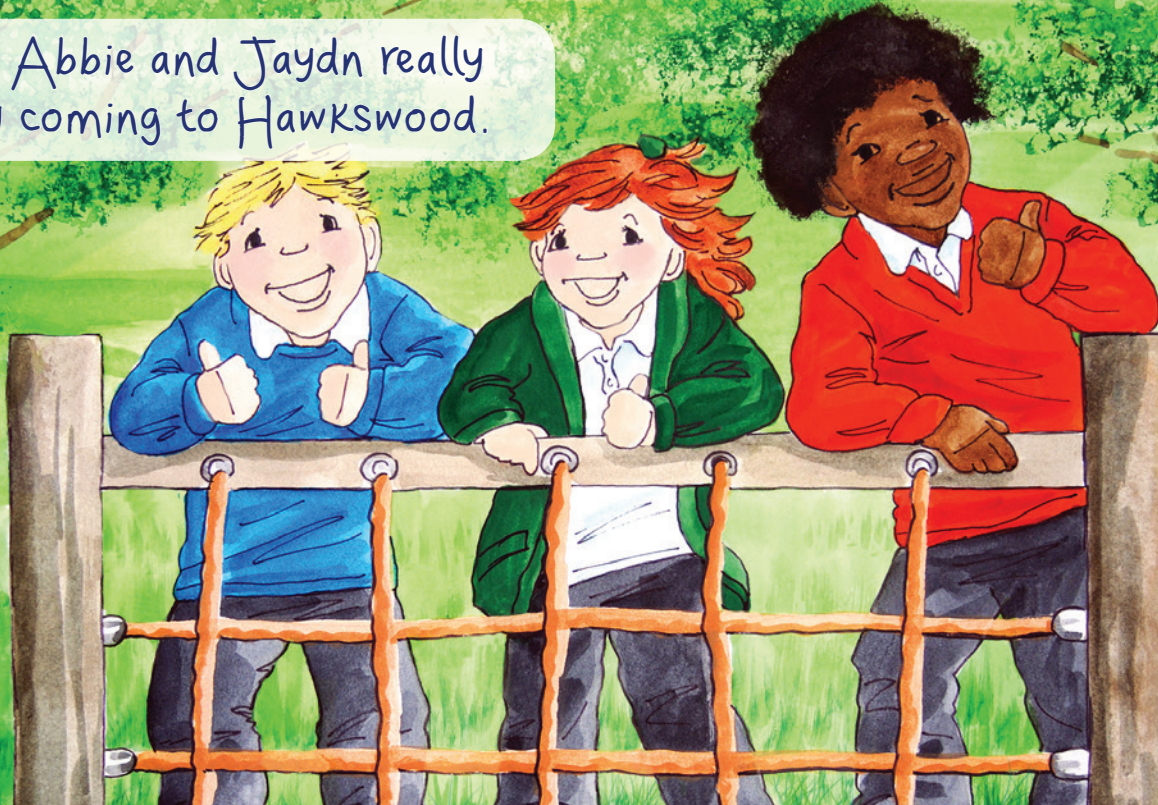

"I will miss you all at Hawkswood," says Rob. "But I am really excited about going back to my old school and showing my friends and teachers what I have learnt."

We are looking forward to getting to know you.

Are you looking forward to coming to Hawkswood?

Rob, Abbie and Jaydn really
enjoy coming to Hawkswood.
